

HELP SHIELD YOUR SAVINGS FROM HIGH MEDICAL COSTS

Learn why Hospital Indemnity Insurance is important.

The average hospital stay lasts three days and costs around \$30,000.¹ Would you be financially prepared? Hospital Indemnity Insurance can help by complementing your existing medical plan to provide a financial cushion in the event of hospitalization.

How it works

You personally are eligible for this coverage. When you enroll, you're guaranteed coverage, regardless of your health, and you can take your coverage with you if you change jobs or retire.

If you need to make a claim, you may receive a lump-sum payment that you can use however you choose²—like to help pay for medical costs not covered by traditional insurance or for non-medical costs like transportation, groceries, and food delivery services.

What types of services are covered?

Hospital Indemnity Insurance issued by **The Prudential Insurance Company of America (Prudential)** pays you a benefit for a variety of medical services received including, but not limited to:

Hospital services:

- Hospital admissions
- Daily in-hospital stays
- Intensive care unit admission
- Daily hospital intensive care unit stays
- Rehabilitation confinement
